

# MUHAMMAD SHARIQ

## ABOUT ME

I am Muhammad Shariq, a dedicated and self-driven student specializing in Cloud Applied Generative AI Engineering and Full Stack Web Engineering. I have gained practical experience in TypeScript, JavaScript, HTML, CSS, and Next.js, which allows me to create innovative solutions through various hands-on projects. Some of my notable work includes a fully responsive resume builder, a dynamic login/signup page, and a modern portfolio design. These projects reflect my ability to seamlessly blend functionality with a user-friendly interface. I am enthusiastic about the opportunity to apply my skills in a professional setting, collaborate with industry professionals, contribute to meaningful projects, and continuously improve my software development knowledge.
