Experience

Front-end Developer   2024/2025 – Present

Self-Projects

*A self-driven developer building responsive, interactive websites and web apps. Focused on clean, modern UI/UX and strong front-end performance. Skilled in **Next.js**, **TypeScript**, **Tailwind CSS**, and **ShadCN** for creating seamless web experiences. Passionate about learning new technologies and deploying apps to the cloud.*

- Built a responsive **portfolio website** using **Next.js** and **TypeScript**, deployed on **Vercel**.
- Developed interactive components and UI elements with **ShadCN** for a modern design.
- Implemented **responsive design** for all projects to ensure accessibility across devices.
- Deployed multiple projects on **Vercel** for fast and reliable hosting.
- Continually improving front-end skills through real-world applications.

Projects
